

Impact Framework

The Impact Framework translates our institutional strategy into measurable outcomes for Latin America and the Caribbean and heightened ambition for our performance and contributions to development.

→ Mission Scorecard

The Impact Framework features our Mission Scorecard, tracking our ambitions for Latin America and the Caribbean using 15 indicators on long-term progress towards our three core objectives.

→ Our Impact Framework also includes how we track portfolio results and our performance

Portfolio Results

The Portfolio Results of our Impact Framework allow us to capture and report on our concrete contributions to the region's development. These indicators are each linked to at least one Sustainable Development Goal and contribute to our Mission Scorecard.

Performance Targets

The Performance Targets of our Impact Framework are used to steer the IDB, IDB Invest, and IDB Lab, helping to create the incentives to deliver on our ambition of scale and impact.
