

Governments and citizenry advancing climate agendas

What is the role of citizen participation to achieve national climate commitments?

Climate change affects all areas of development.

An effective engagement with civil society stakeholders provides sustainability and effectiveness to climate initiatives.

137
ENGAGEMENT PRACTICES IDENTIFIED

Within the framework of 3 agendas

PARIS AGREEMENT

- maintain global temperature increase < 2°C above pre-industrial levels
- creates the Nationally Determined Contributions (NDCs)

ESCAZÚ AGREEMENT

- access to information
- public participation
- access to justice in environmental matters in LAC

AGENDA 2030

- 17 Sustainable Development Goals
- 1 global commitment to end poverty, protect the planet and improve the lives everyone, everywhere

Coordination of key stakeholders at 5 levels:

What can governments, business and civil society do?

establish methodologies to measure the impact of the engagement

generate exchanges and facilitate regional learning

institutionalize protocols to promote informed and inclusive dialogue between government institutions and civil society

take advantage of the synergies that exist between the 3 agendas and promote coordination

IDB Certificate - How does citizen participation contribute to government climate agendas?
